CUSTOM CUT NATURAL STONE

UNIQUE: The diversity of natural stone products from Semco Outdoor encourages limitless design potential. Aesthetically, what you do with the stone is as varied as your imagination.

QUALITY: Semco Outdoor prides ourselves on providing high-quality natural stone products and we are committed to delivering the best.

INNOVATIVE: Nothing provides that unique look like natural stone, from exterior stone cladding, to window or door surrounds, profiles to straight cuts, inlined or curved cuts, holes & laser engravings. Semco Outdoor is ready to make your project a reality with natural stone.

VALUE: Utilizing natural stone is now more affordable than ever due to advancing stone quarrying and processing technology that has improved efficiency over the years. The value in natural stone is more than a monetary measure. It involves longevity, ease of maintenance, permanence and stability that far exceed initial investment.

AIA CONTINUING EDUCATION

Let us help your firm meet its Continuing Professional Education requirements. Our program is open to architects throughout the entire United States. Contact us today to schedule a presentation by one of our trained professionals.

Our Semco Outdoor continuing education program gives Architects and Designers a behind-the-scenes look at the Sandstone and Limestone Quarrying process. The topics we will discuss can help you determine where natural stone is a good fit. The presentation is approved through AIA, LACES, IDCEC and NKBA for one HSW Learning Unit.

HEARTHSTONES & MANTLES

Hearthstones and Mantles by Semco Stone are the final touch to your masterpiece. A natural stone hearth can enhance your fireplace design both in character and texture. Hearthstones and Mantles can be custom cut and finished to your specifications. Contact your sales representative for more information.

CAPS & COPING

Caps and Coping are the perfect complement to our natural stone veneers. Available either snapped or sawn they give your project the finished detail for countless applications. The possibilities are endless from pool surrounds to the finishing touch on columns, piers, entrance monuments, staircases and more. Caps and Coping are available in various finishes.

KEYSTONES

Keystones give the finishing touch to doors or other masonry openings to enrich the overall finish of your project. The sides can be sawn or snapped for a formal, rustic, contemporary or classic appearance. Keystones are available in various finishes.

SILLS

Sills can be used under windows and at the top of a stone waines coat. Our sills can be custom cut and finished to your specifications, as pictured left. Our standard sills are sawn on the top, bottom, ends and back with your choice of snapped or sawn-face. Sills are available in various finishes.

QUOINS

Quoins give the finishing touch to corners or entryways and complement any of our veneer blends. Each piece has a snapped face and end. The top and bottom of the Quoins are available as sawn or snapped. Quoins are available in various finishes.

TRIMSTONES

Trimstones are precut stones used to stack either around or above windows and doors. They can be utilized either horizontally or vertically. Each piece has a snapped face and ends, and are sawn on top and bottom. Both heights are available in full veneer or ThinCut™.

STEPS & TREADS

Whether used for an indoor staircase, or exterior entrance, Semco Stone can produce custom Steps and Treads to complete your natural stone project. Steps and Treads can be custom cut and finished to your specifications, contact your sales representative for more information.
